

Solideal LM L2/E2/G2

Tires for Earthmover and Wheel Loader Service

We Are All About Getting the Job Done. **For Less.**

The Solideal LM L2 is a heavy-duty off-road construction tire that provides excellent traction and wear resistance. This means that even in the toughest applications, LM L2 has the versatility to get the job done. That's productivity. That's our Lowest Operating Cost Solution (LOCS).

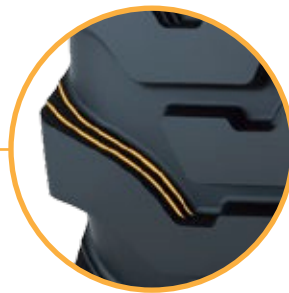

Heavy-duty Carcass

- Improved side impact resistance and stability

Deep Hauler Stepped Tread Design

- Improved self-cleaning and stone ejection for excellent traction
- Increased tread life

Reduced Crowning for Flatter Tread Profile

- Promotes even wearing
- Enhanced tread life
- Improved traction and stability

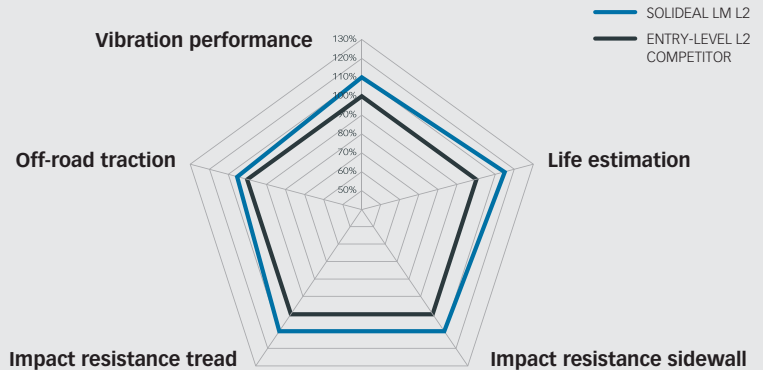

Additional Facts About the Solideal LM L2/E2/G2 Tires for Earthmover and Wheel Loader Service

Poor traction in off-road conditions can be a big problem for many wheel loader applications. Solideal LM L2 enhances traction with deep tread lugs and hauler steps. Additionally, a heavy-duty carcass and high lug-to-void ratio improves longevity and impact resistance.
