

Solideal SolidAir SKS

Tires for Skid Steer Loaders

We Are All About Getting the Job Done. **For Less.**

The SolidAir SKS is a solid tire solution combining durability, comfort and flexibility for operation on today's toughest job sites. That's productivity. That's our Lowest Operating Cost Solution (LOCS).

FEA-validated Aperture Design

- Unique aperture design resists cracking
- Optimized shock absorption
- Allows deformation under load while maintaining stability and support for a smoother ride

Hauler Stepped Tread Design

- Maximize tread cleanout in off-road conditions for improved traction

Reusable Wheel

- No need to purchase wheel at every change
- Quick fit design eliminates need for component rings for quicker installation

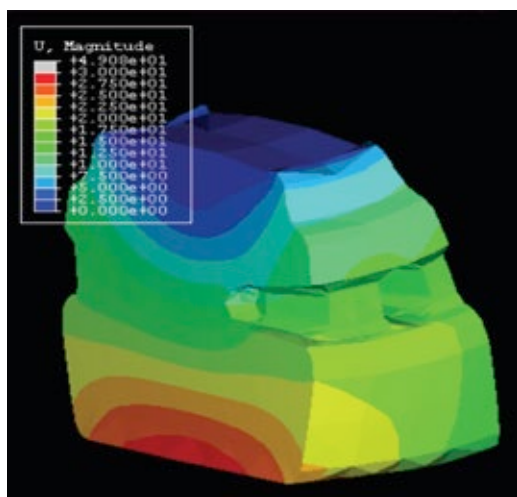

Additional Facts About the Solideal SolidAir SKS Tires for Skid Steer Loaders

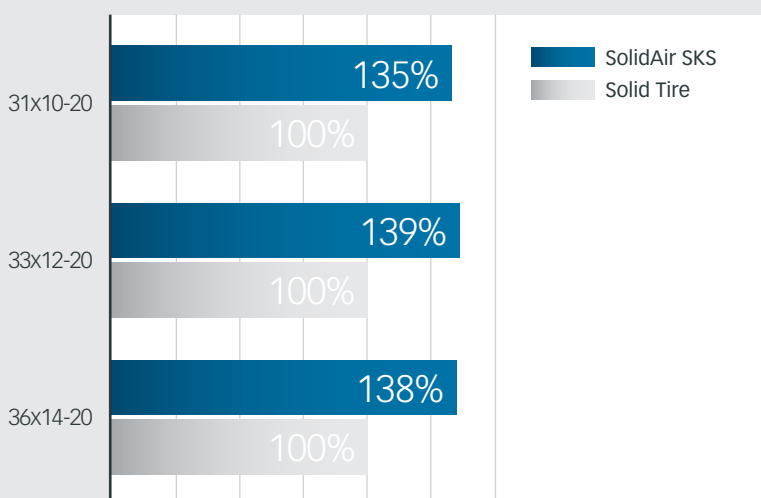

Tire Specifications

TIRE SIZE	RIM SIZE	ACTUAL TIRE DIMENSIONS [mm] [inch]			LOAD CAPACITY			
		O.D.	O.W.	O.T.D. [mm] [32nd]	Other vehicles			Static
					6 km/h 4 mph	10 km/h 6 mph	25 km/h 16 mph	0 km/h 0 mph
31x10-20	7.50	781	237	34	4030	3660	3100	4680
		30.7	9.3	43	8900	8100	6850	10350
33x12-20	7.50	831	287	40	5200	4720	4000	6040
		32.7	11.3	50	11500	10400	8850	13350
36x14-20	7.50	909	326	43	6175	5605	4750	7175
		35.8	12.8	54	13650	12350	10500	15850
